Dear Ms Liu

Complaint of impairment discrimination in the area of goods, service and facilities

I write regarding your original correspondence received in this office on **24 October 2025**, and additional information you provided on **8 December 2025**. The **8 December** submission was provided in response to my request that you show '*good cause*' for any allegations that took place *out of time*. That is, prior to **October 2024**.

After reviewing your submission, I find you have not shown *good cause* for including the *out of time* incidents.

The *out of time* incidents may be included as background. However, only incidents that took place *in time*, that is from **24 October 2024**, will form part of this complaint.

I now request you provide a concise summary (it may be in dot points, or succinct timeline) of those *in time* allegations that took place from **24 October** to Conciliation Officer [REDACTED] by **Friday 2 January 2026**, so this matter can be progressed in a timely manner.

Yours sincerley

Dr John Byrne

Commissioner for Equal Opportunity
